

# OIL & GAS SERVICES

Gas and Integrity Management

**AMI**  
TECHNICAL SOLUTIONS®

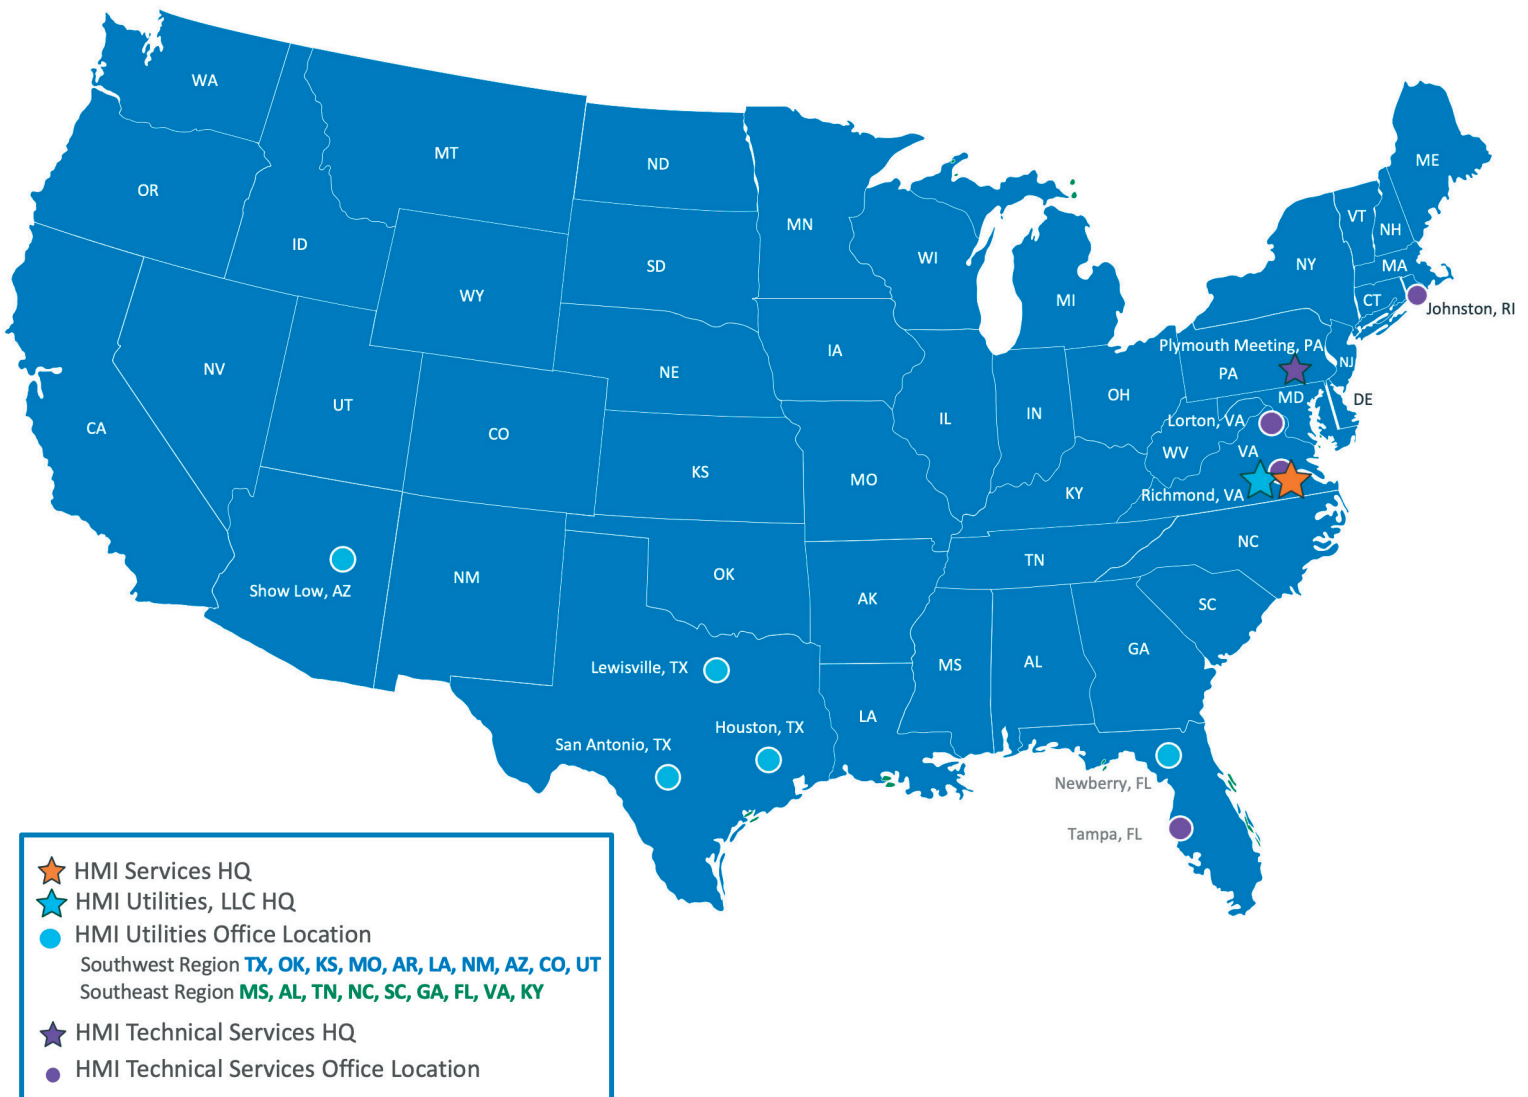

## Top Services for Clients

- As-Built & GIS Mapping
- HDD Design
- AC Mitigation – System Modeling, Design, & Installation
- Distribution Design
  - Asset Management (Gas Abandonment, Renewals)
  - System Reinforcements & Betterment
  - Main Extensions & Relocations
  - New Business & Service Line Design
- Transmission Design
  - Meter & Regulating (M&R) Station & Site Design
  - HCA & Class Location Mapping
  - Weld Maps
  - One Call Monitoring
- Pipeline Route Analysis & Feasibility
- Cathodic Protection Survey & Troubleshooting
- Atmospheric Inspections
- Wall Thickness & MAOP Verification
- Tank Inspection & Design
  - API 650 Floating/Non-floating
  - UL-142: Single or Double Walled
  - UL-2085: Double Walled, Thermal Protection
- Piping & Loading Rack Design & Inspection
  - P&ID & PLD Field Verifications & Updating
- Cathodic Protection System Design
  - Pipeline
  - Distribution
  - Marine
  - Generation

## Top Services for Clients (continued)

- ROW Acquisition
- Permitting
  - State, Municipal, & Environmental
- System Modeling & Load Analysis
- Spill Prevention, Control, & Countermeasure (SPCC)
- Close Interval Surveys (CIS)
- Follow up Close Interval Surveys, Direct Current Voltage Gradient (DCVG), Alternating Current Voltage Gradient (ACVG) Surveys for Anomaly Locations
- External Corrosion Direct Assessment (ECDA)

## Offices and Resource Locations

## Commitment to Safety

HMI Technical Solutions (HMITS) extends safety to every aspect of work. Safety drives the development of impeccable work practices and is at the core of the way behavior is observed, communicated, and investigated. HMITS follows a daily safety management system of leading and lagging indicators, including coaching observation trends, work site audits, good catch and near miss reports, corrective action follow-ups, total recordable incident rates, days away, and restricted duty and transfers. With these indicators, HMITS performs trend analysis and program validation of safety performance. This vigilant evaluation and implementation of company and industry-wide best practices make certain HMITS maintains the absolute highest safety standards to protect our workers, our clients, and our communities. HMITS' daily mission is to ensure "Nobody Gets Hurt!"

## About

HMITS provides results-driven engineering, design, and integrated solutions to the power, oil & gas, and communications industries. HMITS' best-in-class services include design, asset integrity management, feasibility studies, surveys, constructability reviews, and turnkey delivery services within these core utility segments. With a genesis in construction and a skilled team of multidiscipline engineers and project management professionals, the privately-held firm brings a deep understanding of infrastructure to every project.

To learn more about our service offerings and HMITS' commitment to safety, quality, and performance, please contact us or visit our website.
